

## Donate to Missouri Roundtable For Life

**Our booklet entitled “So Why Did The Cloners Spend \$30 Million On Amendment 2, The So-Called ‘Missouri Stem Cell Research And Cures Initiative’?” provides a detailed disclosure of the deceptive methodology behind the campaign to pass Amendment 2 and the serious financial and legal consequences of its passage.**

**We will mail or deliver booklets to anyone in Missouri free of charge. Without doubt, readers of the booklet will become teachers of and advocates for its content and pass along the word to others.**

**When Missouri citizens understand the full truth about Amendment 2, they will take the necessary action to correct this grave injustice.**

**We are committed to a substantial campaign. Any financial support will be greatly appreciated. Please make your check payable to Missouri Roundtable For Life and mail it to:**
