STATE DEFENDANTS ADMIT THAT TAXPAYER DOLLARS FLOW TO PRIVATE ENTITIES
BUT CONCEDE THAT THEY WILL NOT GIVE TAX DOLLARS AWAY UNTIL 2009

JEFFERSON CITY – Missouri Taxpayers Fred N. Sauer and the Missouri Roundtable for Life today responded with gratitude today to the on-the-record admissions and concessions of the Missouri State defendants.

'We respect Judge Beetem and his thoughtful consideration of our motion for temporary restraining order and, although we are sorry the motion was denied, we are gratified with the admissions made by the Defendants' said plaintiff Fred N. Sauer. 'The Defendants have made clear - on the record - that no Missouri tax dollars will be spent until 2009. As soon as possible, we hope to finally resolve our concerns about taxpayer money possibly being used for abortion services or human cloning and the question of entitlement that has been raised by us and by the Missouri Cures proponents. (for more on this see - '[Did the Stem Cell Amendment benefit our state budget, taxpayers and our economy?](#)').

Transcripts of the on-the-record Defendants' admissions may be obtained through the court reporter for the Cole County Circuit Court through Judge Beetem's chambers.

Plaintiffs Missouri Roundtable for Life and Fred Sauer have scheduled an August 1st hearing for preliminary injunction before Judge Richard Callahan.
